

For the Skin

You cannot have a clear and smooth skin unless the blood is pure. Blotches, eruptions, rashes, pimples, all show how impure the blood must be. Get all impurities out of your blood before you are seriously ill.

Miss Dorothy Maher, of Fitzroy, Victoria, sends her photograph and this letter: "I had a terrible eruption on my face, which was of a very irritating nature. I tried many blood medicines, but without relief. Friends told me to try Ayer's Sarsaparilla, as it was a most famous blood remedy. I did so, and after taking only two bottles I began to see a great change. By the time the third bottle was used the eruption had entirely disappeared, and without leaving a mark on my face. I am perfectly well now, and I owe it all to this great blood-purifying remedy."

AYER'S Sarsaparilla

There are many imitation Sarsaparillas. Be sure you get "Ayer's." Correct any tendency to constipation with Ayer's Pills. They are sugar-coated, easy to take, mild in action. A family laxative. Prepared by Dr. J. C. Ayer Co., Lowell, Mass., U. S. A.

COMMERCIAL NEWS.

(From Berrey's Report.)

As intimated in the Report a fortnight since, there has been a "change in business all around" in the affairs of Olaa Plantation. Bishop & Co., bankers, became the agents. Offices will be opened over the bank, at the corner of Merchant and Kaahumanu streets. Bishop & Co., are represented on the new directorate of the plantation company by Messrs. Anderson and Garvie who have been in the bank for many years. J. Harris Mackenzie will be one of the men in the agency offices. John Watt, formerly of Honolulu, has tried and successful plantation man, succeeds F. B. McStocker as manager of Olaa. Bishop & Co., have the best wishes of the territorial business community in their new venture. The E. F. Dillingham Co., Ltd., has been congratulated on past services and for ability to make a deal advantageous to the great property. There is sympathy for Manager McStocker on account of the splendid bit of initiative work he has done. It takes a strong and industrious man to establish a big, full-fledged plantation in a tropical forest. It is said that the cash advances required for Olaa will be approximately \$600,000. On the local market the stock has advanced from \$3.00 bid to \$3.50 and it is more than likely to go steadily upward.

It is announced "officially" that hereafter bond coupons of the Oahu Railway & Land Company will be paid at the Bank of Hawaii. In this connection the sum of \$800,000 will be disbursed July 1st. The Bank of Hawaii is enlarging its premises to accommodate its increasing business. On this day the Ewa Plantation Co., reduces its bonded indebtedness from \$400,000 to \$300,000. In the C. Bolte table of cost of production of sugar per ton, Ewa and Hawaii Commercial (easily) head the list.

The Hawaiian Sugar Co. (Makaweli) has let contracts in Honolulu for \$157,500 of new manufacturing machinery. The Honolulu Iron Works people get the lion's share of the business, with Catton, Neill & Co., the remainder. The Makaweli people have been very gen-

erally and very heartily commended for "keeping all this money at home."

That Makiki property known as the Planter's Experiment Station has been sold by Mrs. Lishman to the Planter's Association for a little more than \$1,000 per acre. The Honolulu Rapid Transit & Land Company now has the Berea street line in operation and will for a time turn its attention to adapting the "Thrum Property" to the uses of the company. More cars are on the way and probably more steel, as it is the intention to extend the King street line for the patronage of the new military post at Kakaako.

Captain Humphrey, the new U. S. A. Quartermaster here takes charge July 1st. He has the reputation of being a man who does things and doubtless building operations on the Kakaako reservation will be under way at an early date.

Hawaiian Commercial, Haiku, Pala and the new territorial bonds have been listed on the exchange. Mr. Lovekin has disposed of his exchange seat. There is activity in Ewa at \$20.00 par. Stock buyers are scarce, but a number of good sized deals are pending. There is a steady sale of bonds.

Governor Carter has been urging at Washington federal expenditures for Honolulu and Dr. C. B. Cooper gained a hearing at Washington for the plan to have national assistance in the maintenance of the leper settlement on Molokai. The Pineapple growers are smiling these days. Some citizens are questioning the financial responsibility of the Co-Operative Home Purchasing Society, a new savings concern. The popular and solid Phoenix S. B. & L. Association has called Mr. R. Campbell from the Honolulu Office to San Francisco. Mr. Pollock will be in charge here. The Star Dairy plant is being disposed of at private sale. J. Lando and the Bergstrom Music Company are moving into the two stores in the new Odd Fellows building.

A little marine park at the foot of Fort street is proposed.

G. D. Mahone, Davies & Co., grocery department, is making a business trip to the coast. The mortgage indebtedness has decreased since our last report \$2,644.94.
